# ABOUT US

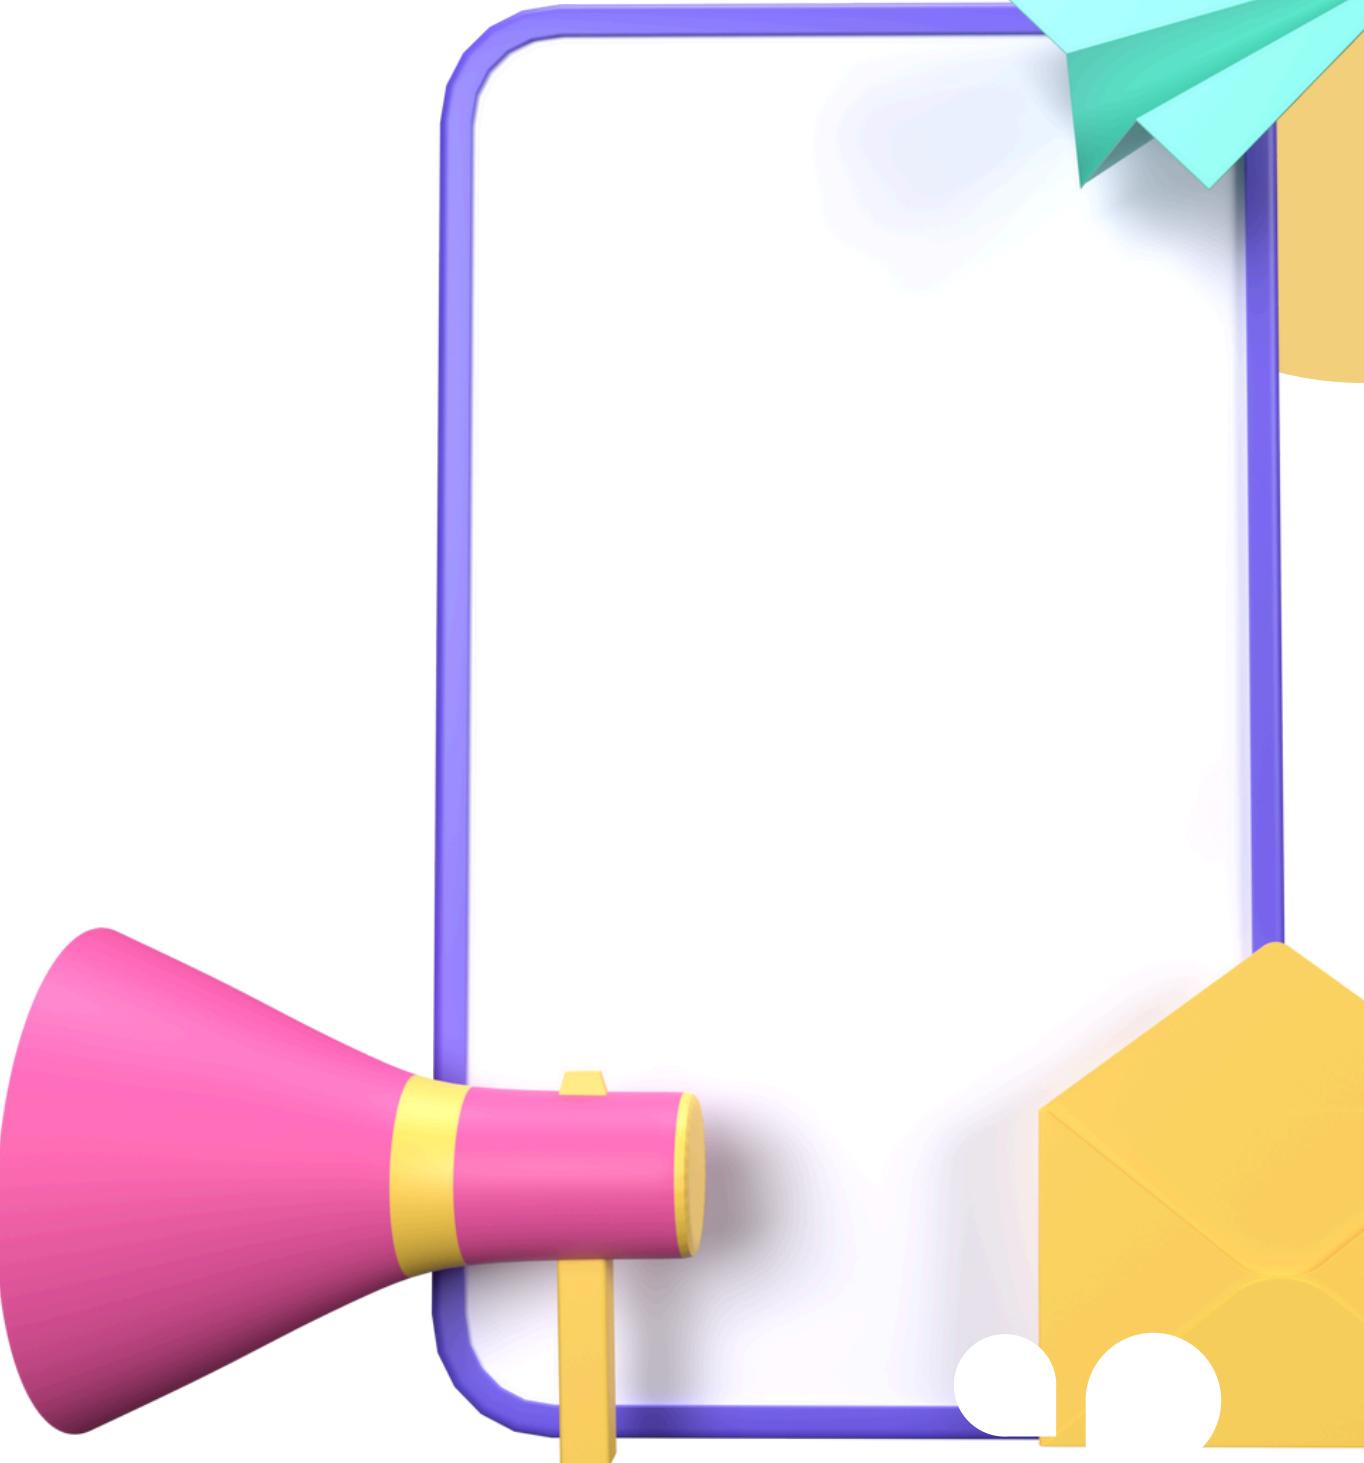

A social media marketing company called Innes Media has a history in animation and visual effects work.

The organization seeks to lead industries that are motivated by a commitment to excellence, the satisfaction of customers, and the generation of value for all parties involved.

In the Indian digital content development and social media marketing services sectors, Innes Media is renowned for its outstanding creative talents.

The organization was founded on March 24, 2020, to serve both individual and commercial needs in the digital services sector.

With its base in Gurgaon, Haryana, India, Innes Media has expanded into a variety of industries. These include PPT, PDF, banners, audio, video, graphics, logos, video editing, dynamic videos, ads promotion, multi-language videos, multi-channel promotions, Zoom meeting host, whiteboard video, product shoot, social media management, website and software development.

# Our Services

## MEDIA SECTOR

Print, broadcast, and digital media are all forms of mass-consumption content that are produced and distributed by the media industry.

## INSURANCE SECTOR

By selling policies in exchange for premiums, the insurance industry protects people and businesses financially against potential losses or dangers.

## AFFILIATE SECTOR

In the affiliate marketing industry, companies work with affiliates to market their goods or services online. For each purchase, click, or other action completed through their special affiliate link, affiliates are paid a commission.
